HARRY DEMPSEY IS AGAIN IN CUSTODY

IS CHARGED WITH PASSING WORTHLESS CHECKS.

ARRESTED IN ST. JOSEPH

Released Only Recently After Serving Two-Year Term in Penitentiary—Preliminary Monday.

Harry Dempsey, recently released from the state penitentiary after serving a sentence of two years, is again being held by officials here on a charge of passing worthless checks.

Dempsey is charged with passing a number of checks, not only in Maryville but in many neighboring towns in Missouri and Iowa. Action was taken on a check he is alleged to have given to D. W. Summy for $9.35. It was written on the Nodaway Valley Bank.

Dempsey's former term in the penitentiary followed his conviction on a charge of stealing a pig from a load he was hauling for another farmer. He completed his prison term several weeks ago and had not caused the officers any trouble until a short time ago, when he is alleged to have begun passing the "wooden" checks.

About three weeks ago. the officers say, Dempsey borrowed his father's automobile on pretense of taking a girl friend to St. Joseph to attend a funeral of one of her relatives. When he did not return, the officers began their work, being assisted by the St. Joseph officers.

Dempsey was brought back last night by L. E. Atherton, deputy sheriff. He had been employed by the Hammond Packing Co. Atherton also brought back the car belonging to the father, Sam Dempsey, who lives south of Maryville.

Dempsey will probably be given preliminary hearing Monday morning.

TOURISTS INTERESTED IN ITASCA PARK HIGHWAY

Inquiry Comes From Kansas City for Information About Trail Through Maryville.

G. A. Pickens, secretary of the Chamber of Commerce, received a letter this morning from J. Frank Smith manager of the Good Roads Association of Greater Kansas City, asking for information concerning the Maryville-Carroll trail from Maryville north to Alexandria. He said he had received many inquiries concerning this route and asked Mr. Pickens to verify the statements that he has received that this is the best short route between Kansas City and Alexandria.

In answer to the inquiry Mr. Pickens sent a blue print of the proposed highway between Itasca Park and St. Joseph showing the location of Alexandria near this highway and explained that this route really is a hundred miles shorter than other routes between these points. The information will aid in bringting a larger number of tourists through Maryville.

BOY TRIED HERE KILLS BENEFACTOR

THEODORE WERNECKE IN JUVENIL COURT IN 1917

WAS IN REFORM SCHOOL

Stabs Sedalia Farmer to Whom He Was Paroled—Gives Up When Trailed by Bloodhounds

Sedalia, Mo., July 23.—Theodore Wernecke, the 17-year-old boy who killed Emmett Bouldin, a prominent farmer, yesterday by stabbing him three times, gave himself up to officials this morning. The authorities had been trailing him with bloodhounds.

Theodore Wernecke, the 17-year-old boy, who killed Emmett Bouldin, a prominent farmer near Sedalit yesterday by stabbing him three times, and who gave himself up to the officials today, is thought to be the same Theodore Wernecke who was held in juvenile court in Maryville in 1917.

Wernecke was sentenced to the reform school from St. Joseph. The Wernecke who was in juvenile court here in 1917 was brought here at that time from Conception Junction where he had been taken by the officials for stealing a box of .22 cartridges from the home of Willard Foster and later taking Fosters' mail from the post office and opening it without Foster's consent. He told the officials at that time that his parents were dead and that he had run away from St. Joseph and come to Conception. The authorities here sent him back to St. Joseph.

Wernecke is 17 years old and was paroled to Emmett E. Boulden from the Missouri state reformatory. The boy stabbed his benefactor three times with a carving knife, then struck him over the head with a pinchbar. He escaped, taking with him an automatic shot gun.

No one has been able to ascertain what took place before the killing yesterday. Bouldin leaves a widow and two daughters, Mrs. J. Reed Wensell, 504 Benton Boulevard and Miss Mary Anna Bouldin, both of Kansas City.

WINDJAMMERS WIN OVER STUDENTS 8-5

HEAVY HITTING FEATURES GAME IN TWILIGHT LEAGUE

NEXT GAME IS MONDAY

Townsend Clerks Will Play Butchers —Printers and Cigar Makers Wednesday.

Prof. C. D. Kutschinski's Windjammers broke into the win column in the Twilight Baseball League yesterday afternoon by triumphing over the Bearcats in a five-inning game, 8 to 5. The Bearcats were students of the State Teachers' College.

The Windjammers had a slightly altered lineup which strengthened their team to a large extent. They presented a strong staff of pitchers and had several additions to the outfield.

The game was scheduled to be called a 6 o'clock but as it was raining at that time the members of the College team did not show up. However the band men were all present and at 6:30 o'clock they were clamoring loudly for a game. Nine College men were finally routed out and the game was started. The Bearcats did not have their regular line-up but they elected to play with what material was present rather than forfeit the game.

The battle started with the Wampus Kitties at bat and Ed Schumacher on the mound for the Band. The College students made one run in their part of the first inning.

In the last of the first, with Mapel in the box for the Bearcats, the Windjammers also scored the first man up after he had been given a free ticket to first base.

Mingling hits with errors by the College players, the Windjammers scored enough runs in the second and third innings to make the score 6 to 2 at the beginning of the fourth. At this point, Henry Buhler was sent to the box for the Windjammers and the Bearcats sprung the surprise of the game by hopping on his offerings and garnering three runs before the inning was over.

Donald Williams, first man up for the students, furnished the sensation of the game with a three-bagger into left field. He scored on Waller's single through short. The latter stole second and third and was brought in by a Texas leaguer from Mapel's bat. Mapel stole third and scored when Smith was safe on an error by the Windjammer second baseman.

With the score 6 to 5, Keller went to the mound for the College representatives. He pitched good ball, an error letting in two runs scored by the Windjammers. The students could do nothing with Buhler in the fifth and the game ended 8 to 5. The line-ups were:

Bearcats—Allison, c; Mapel, Waller, Keller, p; Buhler, 1b; Elmore, Mapel, 2b; Williams, 3b; Waller, ss; Smith, Keller, Phipps, Elmore, outfield.

Two more new teams will make their debut Monday evening, when the Butchers and Townsend forces will clash. The Printers will play again Wednesday evening, when the cigar makers will attempt to sully the newspaper makers' perfect record.

The standing in the Twilight League is now as follows:

	Won	Lost
Printers	2	0
Windjammers	1	1
Clothiers	0	1
Bearcats	0	1
Townsend	0	0
Butchers	0	0
Cigar Makers	0	0
Bankers	0	0

EXAMINATIONS FOR HESSIAN FLY SYMPTOMS CONTINUE

Fields of Early Sowed Grain Show More Damage Than Those Planted Later.

Continuing campaign against the Hessian fly, R. A. Kinnaird, county farm agent, examined fields in Nodaway, Atchison and Hopkins townships yesterday and in all of the fields examined he found traces of the fly.

The fields of early sowed wheat were found to be damaged by the fly more than those which were soved later. The stubble of these fields contained many of the so called "fly eggs" and unless these fields are plowed under they may all be ruined in next year's crop.

Helen Baker left this morning for Blockton, where she will spend a week visiting with her cousin, Mrs. Morna Duff.

CHAUTAUQUA BANNERS ERECTED HERE TODAY

Advance Agent of Redpath-Vawter System Comes to Decqrate—Tickets on Sale Now.

L. D. Upton, an advance agent for the Redpath-Vawter Chautauqua system arrived in Maryville today and is putting up street banners and large date sheets for the chautauqua which will be here August 5-11. In another week, another advance man will be here to put up window cards and distribute the programs and the Chautauqua Herald, house organ of the Redpath-Vawter system.

Tickets have been placed on sale in Maryville banks and a number of stores. Citizens of this comunity who make trips to other towns are requested to call G. B. Roseberry's office for advertising sheets and car banners for distribution.

The chautauqua will be held in the high school grounds as has been the custom for the last two or three years. It is thought the new school building will be sufficiently completed by that time that there will be little noise to disturb the programs. The grounds are thought by the committee to be a more convenient place for holding the chautauqua than College Park.

BALLOT BOXES CANNOT BE OPENED TO DETECT FRAUD

Chief Justice Blair Says Investigation Can be Made Only in Contests for Office.

Jefferson City, July 23.—The supreme court today in a decision by Chief Justice Blair dealt a blow to the prosecution of alleged election crooks in Missouri.

The court holds that the ballot boxes cannot be opened to prove fraud in a criminal case and that they can be opened only in cases where there is a contest for an office in an election.

The court dismissed contempt proceedings brought against the Kansas City election board in the Kansas City vote fraud cases.

The opinion of Chief Justice Blair is based on two general propositions. The first one is that ballot boxes can be opened only in contest proceedings. The second one is that the order of the criminal court did not specify that the ballot boxes were required for examining the ballots in a contest over the office of mayor of Kansas City or any other office, but was in the nature of a blanket order to produce the ballot boxes, poll books, register, etc.

The opinion holds that only in specific contests over offices can the ballot boxes and the ballots be used, and then only in counting the votes involved in the office contested.

J. B. BAILEY TO BE TRIED FOR MURDER

IS BOUND OVER TO DISTRICT COURT ON $2,000 BOND.

EVIDENCE CUMULATIVE

Alleged Slayer of His Sister, Mrs. C. L. Perry, Does not Testify in Own Behalf.

Valentine, Neb., July 23.—James B. Bailey, rancher, living in the west part of Cherry county, was bound over to the district court for the crime of murder in the first degree yesterday afternoon by County Judge L. K. Travis, and allowed bail upon his giving bond in the sum of $2,000.

The state closed its case at 4 o'clock yesterday afternoon after finishing the examination of Ora C. Perkins and taking the testimony of B. L. Lugenbeal, J. W. Ourpke, deputy sheriff, Harry Shipps and Millie Jackson.

The testimony of all the witnesses for the state was cumulative and only referred to the condition of the body of the defendant's sister, Clarissa L. Peery, at the time she was found and the general situation in and around the farm house in which the Mr. Bailey and his sister lived.

All of the witnesses swore that no blood was in evidence in the horse stall in which Bailey insisted his sister was trampled to death. The clothing of Mrs. Peery was also presented to the court. At the conclusion of the state's case the defendant moved for a dismissal and upon the motion being overruled by the court contrary to the general expectation, the defendant did not testify in his own behalf, but rested.

FLYING CIRCUS MAY COME HERE FOR CELEBRATION

Company Would Put on Aerial Exhibition And Take Passengers at $10 a Ride.

O'Laughlin's Flying Circus may be an attraction here during the Soldiers' Reunion and Centennial celebration to be held here September 7-8. The circus includes Looping the loop, standing on top of the plane, changing from plane to racing car, wing walking, parachute jumping and stunt flying. They guarantee to have the youngest aerial dare devil in the world at the preesnt time.

The circus asked the chamber of commerce for permission to come here if Maryville booked a ball game with the Chicago Legioneer's. The Legioneer's will not be booked because Maryville does not have a ball team to play them, but it is considered likely tha t the circus would come at the time of the Centennial celebration.

FORD REFUSES TO OBEY— CRASHES INTO LIGHT POST

Calvin Burch Gets Foot "on Wrong Pedal"—Broken Globes Only Damage.

An attempt by his Ford car to share the walk with pedestrains ended suddenly for Calvin Burch at noon today, when the automobile ran head-on into the White Way post at the southeast corner of Fourth and Main streets. The impact broke the light bulbs and globes on the post and broke one of the front lamps of the Ford, but did nothing else than to stop the car's wayward progress.

Burch, who is an inexperienced driver was driving a car owned by George Curry. He intended to park the car, but in trying to bring it to a halt, he placed his foot on the clutch instead of the brake. The wheels of the car climbed on the walk in front of the court house, the others remaining in the street.

Curry was with Burch in the car when it crashed into the pole.

LITTLE INTEREST IN COMING VOTE

NO ORGANIZED SENTIMENT FOR ANY OF MEASURES

SOLDIERS ARE NOT ACTIVE

Bonus Measure May Fail Because of Lackadaisical Attitude—New Constitution at Stake.

Little interest is being taken in Nodaway county in the approaching election of August 2, at which the framing of a new constitution for Missouri, soldiers' bonus and two other measures will be voted upon. There is little organized sentiment either for or against any of the proposals, according to county officers at the court house, who keep in touch with the political movements.

The New Constitution Association of Missouri with the slogan "Finish the Job," is waging an eleventh hour campaign to secure a favorable vote, but their efforts have not so far extended to Nodaway county.

At the last election Amendment 15, providing for a bi-partisan election of delegates to a constitutional convention, was carried by an overwhelming vote. The next step, while only the second of the four necessary to bring about a new constitution, is the most important one of all. If the needed number of favorable votes is cast on August 2, then all that remains is the election of delegates to a constitutional convention and the submitting of the proposed constitution to the voters for approval or rejection.

The election of the delegates will be a routine affair, two leading figures in each senatorial district, representing each of the dominant parties, being chosen by the voters in addition to fifteen delegates at large. With such men in charge, the new constitution backers say, the preparing on an acceptable draft for submission to the people will be virtually assured.

The question to be voted on August 2 will be "shall there be a convention to revise and amend the consitution."

Ex-service men's organizations of the county are supporting the measure which proposes a bonus of $10 for each month of service to members of the army, navy or marine corps, but no very vigorous campaign is being waged.

A favorable vote is expected on the measure enabling women to hold any office in the state, but here, too there is not a great deal of interest enviced, even by women's organizations.

The fourth meausre to be voted upon proposed to pay the interest on the $60,000,000 road bond issue from auto license funds. It is supplementary to the action by the voters at the November election and is reasonably sure of passage.

ROAD LEGISLATION AT CRITICAL STAGE

HOUSE AND SENATE MUST REACH A COMPROMISE

TO MAKE OWN CEMENT

House Passes Bill for Manufacture of Chief Road Material—Other Measures Passed

Jefferson City, July 23.—The house committee substitute road bill, as adopted by that body by an overwhelming vote thursday has been offered engrossed and printed. The measure will be brought up for final passage today. If passed, it then goes to the senate the end of the special session will be reached by this time last of next week.

While the senate has yet to thresh out the house road bill it is believed by the leaders that the two bodies will get together without much difficulty. To do this it will be necessary that concessions are made by both. In the event the two bodies become deadlocked a conference committee will be called upon to satisfactorily arrange matters. The crisis in the opinion of legislative leaders, will be reached early next week. The Relph road bill, passed by the senate last week, now is reposing with the house committee.

The house bill provision for a statewide system of highways to consist of 7,500 miles of cross-county roads, two to each county to be constructed of no lower type than clay bound gravel at a minimum cost of $6,000 per mile. This is the guarantee to the counties instead of the $200,0000 minimum for each county carried by the Ralph bill. The senate bill provides for approximately 6,-200 miles of state highways.

Of the ninety-seven amendments offered in the house Thursday on its committee substitute measure, many were adopted. About one-third of the sections of the Ralph bill were retained, as reported to the house. Chairman Bailey of the roads committee, after the house made its amendments, said that practically no section taken from the Ralph bill remained intact.

"The only serious objection I have to the bill a sengrossed by the house Thursday is the mileage of the proposed state system," Chairman Bailey said Thursday night. "I am afraid the entire system cannot be built with the available funds.

One amendment adopted Thursday, eliminating two provisions in the apportionment section, says the one-fourth of the annual approtionment of the $60,000,000 may be used to build higher type roads than clay-bound gravel. Insistency was given as the objection to the eliminated section which, it was said, could have been interpreted to prevent the building of higher type roads until each county had received its two gravel roads. As it now reads, the bill guarantees at least $6,000 a mile for the two cross-county roads.

Jefferson City, July 23.—The house yesterday passed the bill by Smith of Andrew and others appropriating $2,-000,000 for the establishing of a state cement plant. The vote on the bill was 108 to 11. The bill provides that the commission may acquire plants by condemnation, purchase or otherwise to manufacture cement for use in state road construction.

The house also passed a number of other bills, including measures transferring money appropriated at the last regular session and now held up by referendum. The bills included appropriations to eleemosynary institutions, the department of

Next Week At the Movies

AT THE EMPIRE.

John Barrymore has added another to the list of remarkable dramatic portrayals that he has been offering on the stage and screen during the recent years. The vehicle is the photoplay version of Robert Louis Stevenson's famous story, "Dr. Jekyll and Mr. Hyde", which will be shown Monday and Tuesday.

The story, as is well known, has as its central character a young London physician, Dr. Jekyll. He discovers a fluid by which he can transform himself into a grovelling, wicked creature, Hyde—the bad side of man's nature in a human body. The liquid also allows Jekyll to regain his normal form at will. But gradually Hyde gains the ascendency over Jekyll and the unfortunate doctor, to save the innocent girl to whom he is betrothed, takes poison.

The appearance of Mr. Barrymore in the picture, of course, recalls the late Richard Mansfield's success in the stage version of the classic. The films, with their ready and clever resort to "double exposure," make the story more convincing, especially in the scenes showing the transition from Jekyll to Hyde. Mr. Barrymore's understanding of his role is perfect. He imparts a sincerity, as well as a keen sense of dramatic values to his portrayal that makes it unique in modern film literature.

Martha Mansfield is wholly adequate as the innocent, fragilely beautiful Millicent and the rest of the company also strikes a high standard. Clara Brangier adapted the story from the original and John S. Robertson directed. It is a Paramount Arteraft picture.

"The Woman in Room Thirteen" which will be shown Wednesday and Thursday, the latest Goldwyn picture and starring vehicle for Pauline Frederick, is a story of mystery and powerful emotions. The picture gives Pauline Frederick many opportunities to reveal her ability as an emotional actress.

John Bowers is supporting Miss Frederick in the part of Paul Ramsey; and his interpretation of the young, poor and ambitious man who discovers his employer endeavoring to compromise his wife affords him an opportunity for some masterly acting of which he takes full advantage.

The villain of the story is Robert McKim, probably the best known villain on the screen. He plays the part of the cunning employer and does it so well that an unconscious sigh of relief escapes from one's lips when he is ultimately defeated by the hero.

Another well known actor supporting Miss Frederick is Charles Clary, in the part of John Bruce the divorced husband, whose purpose in life is now to revenge himself on his wife for exposing his real self. Mr. Clary very ably portrays the caracter of the deceitful and dissipated John Bruce.

Edna Crane interprets the beautiful young society girl whose life has been ruined by Dick Turner (Robert McKim) and who saves Laura Bruce (Pauline Frederick) from the same fate.

Mabel Van Buren, who was one of the original stock players of the Jesse L. Lasky feature play company and the first leading woman to play in a picture produced at the Lasky studio six years ago, was again back on the same "lot" where she began her motion picture career, when she played the role of Nina in William DeMille's Paramount production of "Conrad in Quest of His Youth", starring Thomas Meighan, which will be shown Friday and Saturday.

This is a charming picture based on Leonard Merrick's famous novel of the same name. Conrad Warrener is an army officer who finds himself old in middle life and who goes in search of his youth with interesting results. How he makes the discovery that the man who loves never is old, makes a capital story. Margaret Loomis is the leading woman and heads a fine supporting company including among others such well known players as Mabel Van Buren, Kathryn Williams, Maym Kelso and Sylvia Ashton.

AT THE ELECTRIC

"Unchartered Seas" a special Metro production will be the feature picture for Monday and Tuesday. Alice Lake, known wherever pictures are enjoyed, has the leading role, and gives a dramtic interpretation unexcelled for beauty and force, according to reports from critics who have seen this picture elsewhere.

It is "enthralling" because of its unusual plot and the method of working out the situations is consummate. Briefly, the story deals with Lucretia Eastman, whose husband is a moral derelict, addicted to opium and loose women. Lucretia's cup of digust brims over at last, but Tom's father entreats her to give him one last chance. The test is the finding of a deserted steamship, loaded with ten millions of Klondike gold. Tom is given a seaworthy craft, and a rotting vessel, manned with desperadoes, is foisted on Frank Underwood, who loves Lucretia and is loved by her. The cowardice of the one, and the courage of the other, as they go through Behring Striats leads to the heart-clutching climax.

The supporting cast includes Carl Gerard, Rudolph Valentino, Fred Turner, Charles Mailes, and Rhea Haines. The picture was adapted from John Fleming Wilson's story, which appeared in Mumsey's Magazine. Wesley Ruggles directed; John B. Seitz photographed; John Holden did the art work, and George Elwood Jenks wrote the scenario.

May McAvoy plays the leading role in, "A Private Scandal" which will be shown Wednesday and Thursday. The plot centers around a little French girl, fostered by a wealthy American horseman and his charming young wife, a flaxen-haired baby girl, a love-striken hostler and a disappointed suitor—these are the human ingredients of this up-to-the-minute domestic drama.

Miss MaAvoy had already made a reputation for herself with her marvelous interpretation of Grizel in "Sentimental Tommy" and her fine characterizations in "The Devil's Garden," "Truth About Husbands," "Forbidden Valley" and other pictures.

In "A Private Scandal," Miss McAvoy is called upon to portray a very different role, that of an innocent girl upon whom suspicion rests, and who keeps silent through loyalty to the guilty woman who has been her friend and benefactress. Miss McAvoy handles this with consummate art.

In addition to the McAvoy feature, Larry Semon the well known and well liked comedian will be shown in, "The Bakery." In this film Larry uses several of his famous animals and introduces them in new stunts such as the color-changing cat, the bread mouse, the stuck-up monkey and other equally funning scenes.

On Friday Wm. S. Hart the best loved good bad man on the screen will appear in, "Wolf Lowry, a five real western picture. This is an unusually good western picture and conceded to be one of the best that this star has made. There will also be a two reel comedy entitled, "Harem Skarem."

"The Last Door," Eugene O'Brien's latest Selznick Picture which will be shown Saturday, is a crook play of the type made famous by "Jimmy Valentine," "DeLuxe Annie," "Kick In" and others that boast a gentle fibre, although the plot and story are along decidedly original lines.

The picture tells a story of the "Magnet," a notorious thief whom the police have constantly prusued, but never caught. The "Magnet" is a thorough gentleman, famous for his chivalry, and operates entirely for the sake of adventure. He continues his pernicious practices until suddenly the gravity of his offences is forced upon him by the girl he loves and he realizes that no enemy of the law can ever hope to be permanently happy.

There are surprises and adventure galore in "The Last Door" which is heralded as O'Brien's best production. Martha Mansfield is at the head of a large supporting cast which also includes Nita Naldi, Katherine Perry, Charles Craig, Helen Pillsbury, Warren Cook and other prominent players.

CONFER WITH RAILROAD ON PROPOSED ROAD CHANGE

E. T. Bailey, Henry Moore and Charles Walker, judges of the County Court, went to Parnell yesterday to confer with C. A. Shoemaker, superintendent of the Chicago, Great Western Railroad in regard to a proposed change in a road just north of Parnell.

The change in the road is made necessary by a proposed drainage ditch which straightens the channel of the Platte River. The county judges are conferring with the railroad official because the proposed change make the road cross the tracks in a new place.

A Watch for the Claiming

A large silver watch, still in good running order and keeping good time, awaits a claimant at State Hospital Number Two at St. Joseph. It was the property of Willam Dixon, who died in the hospital November 11, 1915. He was sent to the hospital from New Westminister, V. C., as a patient from Nodaway County.

P. E. Williams, superintendent of the hospital, writes County Clerk Fred Smith that watch will be turned over to any person who establishes his right to it.

THIS YOUNG MOTHER

Tells Childless Women What Lydia E. Pinkham's Vegetable Compound Did for Her

Millston, Wis.—"I want to give you a word of praise for your wonderful medicine. We are very fond of children and for a considerable time after we married I feared I would not have any owing to my weak condition. I began taking Lydia E. Pinkham's Vegetable Compound and now I have a nice strong healthy baby girl. I can honestly say that I did not suffer much more when my baby was born than I used to suffer with my periods before I took Lydia E. Pinkham's Vegetable Compound years ago. I give all the credit to your medicine and shall always recommend it very highly."—Mrs. H. H. JANSSEN, Millston, Wisconsin.

How can women who are weak and sickly expect or hope to become mothers of healthy children? Their first duty is to themselves. They should overcome the derangement or debility that is dragging them down, and strengthen the entire system, as did Mrs. Janssen, by taking Lydia E. Pinkham's Vegetable Compound and then they will be in a position to give their children the blessing of a good constitution.

finance and the agricultural department.

The measure allowing school districts to levy taxes for payment of interest on bonds issued since March 1 to relieve the situation caused by the calling of a referendum on the county unti bill was passed 108 to 2. The county unit bill made provision for levying such a tax.

The bill relating to the examination of ballot boxes in primary elections in case of charges of fraud passed without a dissenting vote.

The Davidson resolution memorializing congress and President Harding to take steps to obtain freedom for Ireland was killed.

The house passed the congressional redistricting bill, providing for sixteen districts by a vote of 96 to 30. Representative Parr of St. Charles was the only Republican voting against the bill.

The house also passed three bills allowing cities of the second and third classes to levy taxes for the support of public libraries, children's homes and parks.

The senate today passed the bill creating a state marketing bureau.

W. F. BARBER TO EXHIBIT CATTLE AT STATE FAIR

Skidmore Breeder Will Ship Nine Prize Winning Shorthorns to Sedalia.

W. F. Barber of Skidmore will exhibit nine head of his champion Shorthorn cattle at the Missouri Centennial Exposition and State Fair, which will be held at Sedalia, August 8 to 20.

W. F. Barber is an old exhibitor at the Missouri State Fair, and is well known at the big state institution. He expects to meet at the big competition. He expects to meet some keen competition down there this year, because premiums have been doubled and many new exhibitors send in their entries every day.

He plans to leave Skidmore with his prize stock about August 6 in order to get them well located in the barns before the grand opening of all exhibits on Monday, August 8. He plans to attend the opening day automobile races, Ruth Law airplane exhibitions and witness the initial presentation of the Pageant of Missouri as well.

BALMY CALIFORNIA WEATHER ENTICES MRS. WALTER MUTZ

Maryville May Lose One of Her Residents, Says Letter From Husband.

Mr. and Mrs. Walter Mutz, who are spending the summer at Santa Barbara, Cal., report a delightful trip in a letter to the Democrat-Forum. They had only one-half day of hot weather on the way out.

"I note from the paper you are having very hot weather in Missouri," says Mr. Mutz. "It is so different here; not one hot day since our arrival.

"We are located on the mountain side two block s from the College, where we are all enrolled as students. The view from this point is most beautiful, overlooking the ocean, city and mountains.

"We were here and celebrated the Fourth of July with the California people in the usual way—fire crackers and music and many people bathing in the ocean. The cool weather here is making a real Californian out of Mrs. Mutz, so if she does not return with me you will know the reason why."

Misses Jessie and Ina Mutz, who visited last year in the west, are also at Santa Barbara.

PICKENS APPONITED A CENTENNIAL COMMISSIONER

George A. Pickens, secretary of the Maryville Chamber of Commerce, has been appointed a Centennial commissioner of Nodaway county and charged with the duty of promoting the Centennial celebrations in the county to the best of his ability.

The appointment was made on July 19, 1921 and was signed by Governor Arthur M. Hyde, Hiram Lloyd and Charles W. Becker.

What Is "Personal Service?"

In our last three advertisements we have endeavored to answer the above question under the heads, "Our Service," "Our Officers" and "Our Staff."

OUR SERVICE

A bank's service depends on its equipment, its officers and its employees. We believe that we have one of the best general banking equipments in the country for a similar locality.

OUR EQUIPMENT

With a building erected expressly with "Personal Service" in view and appointed to fill every requirement of our patronage—roomy, convenient and beautiful, even to a point that might be called luxurious, and with every modern appliance necessary to handle the work of accounting quickly and accurately, we are eminently fitted to give unexcelled service.

OUR OFFICERS

Personal service can best be rendered by men who are personally known and who know the people and conditions of their locality thoroughly. Added to these qualities a willingness and eagerness to be of service in any capacity possible and an experience that makes their help of the greatest value, we believe we can give the best of personal service. It is only necessary to name the officers of this bank for you to know thm:

GEO. L. WILFLEY, President. W. C. PIERCE, Vice-Pres.

C. D. BELLOWS, Vice-Pres. GEO. R. ELLISON, Vice-Pres. and Counsel.

S. H. KEMP, Cashier and Sec'y. A. K. FRANK, Ass't. Sec'y.

H. D. SNYDER, Asst. Sec'y. W. N. DEATHERAGE, Attorney.

OUR EMPLOYEES

After a bank is fully instituted and officered it must have willing workers to handle the mechanical work of its service in order to make that service distinctly "personal." We believe that we have a "family" of workers constituting our "staff" that has a close personal interest in this institution and in its patrons. Not only is their work efficient but it is performed in that whole-souled, happy and willing manner that adds so much to the personal atmosphere of this bank and helps so much to make every customer feel at home here. That you may have a still further personal friendship with these workers we want you to know them by name—by the familiar names we know them by in this "family."

FARM LOAN DEPARTMENT

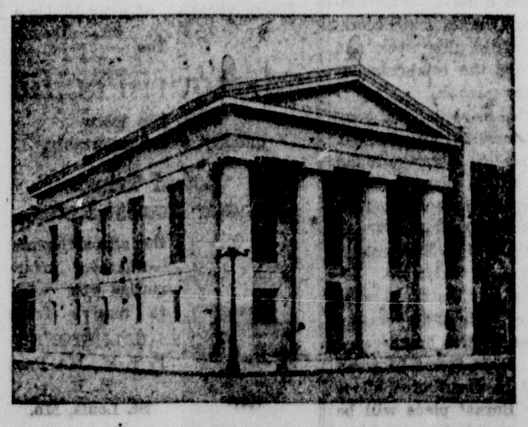
THE "ATMOSPHERE" OF "PERSONAL SERVICE"

All these things—the banking house—the officers—the staff of helpers, together with the freedom and comfort felt by customers who come to this bank, are the things that create "atmosphere." There is as little formality and red tape as possible—as few locked doors as is compatible with safe banking—no brass buttons and no trouble to see anyone connected with the institution. The bank has been called "elegant" but it is not elegant for pomp and show, but elegant for attractiveness, comfort and convenience.

We aim at all times to inspire a feeling of ease and freedom—to be called by our first names or our nick-names—in fact to make every effort to maintain an atmosphere fitting our slogan—



"THE BANK OF PERSONAL SERVICE."

News From Over The County

CLEAMONT NEWS.

The officers of Clearmont lodge No. 431, I. O. O. F., for the present term, were installed last Tuesday evening. They are: Noble Grand—Fred Humphrey; Vice Grand— Wm. Humphrey; Recordin Secretary—Wm. Huls; Treasurer—A. P. Skeed.

The W. C. T. U. County Convention will meet in Clearmont on Thursday, July 28, the first day of the Picnic. The business session will be held in the forenoon at the Christian church, with a picnic dinner at noon. After dinner Mrs. Nellie Parker will give an address i nthe tent. Law Enforcement. Mrs. Parker comes well recommended, having formerly been a State organizer and lecturer of Kansas City, also the editor of the Stat W. C. T. U. paper of Kansas. All the members are urged to be on hand Thursday by 10 a. m.

The town Marshall arrested a young man named Caltee, for speeding, Monday and the Mayor taxed him $5.00 and costs, $7.80 in all. Now that the ice is broken let the work go on. Serve all alike no matter who it is.

The grade girls have organized a Camp Fire Girls Club for Clearmont. Mrs. Wallace was appointed Guardian by the Head Guardian at New York. This is a World organization and it does for our girls what the Boy Scouts movement does for the boys. The girls have worked hard during the summer months earning honor beads, helping their mothers cook, studying nature lore and taking hikes The summer months would not be complete without a few days of camp life, so the girls have decided to give a Lawn Fete at the Baptist church lawn for the purpose of securing funds for the outing and to buy ceremonial costumes which must be secured in order to be a real Camp Fire Girl.

Skidmore News.

G. L. Owen, president of the Skidmore Chautauqua Association, has called a meeting of the executive committee, composed of W. G. Reynolds, J. C. Spahr, J. W. Weddle, Jr., O. D. Hardman, J. L. Teson, C. H. Sauceman and Clayton Appleman, to be held Saturday night, July 23, at the Model Drug Store, when the organization for this year's chautauqua will be perfected.

The campaign will be launched in earnest on Monday morning, which will allow two and a half weeks in which to dispose of tickets before the opening date. Wednesday, August 10.

Next Monday night, July 25, 1921 at 8:30 o'clock, a mass meeting will be held at the Royal Hall for the purpose of explaining the proposed water works system of Skidmore, Mo. A representative of the E. T. Archer Co. will be present to explain the project.

T. O. Parsons traded his town residence to Alfred Logan Tuesday for eight acres located near the Valley school east of town, and will move next Tuesday.

Graham Tribune.

The town board is putting in two new cement street crossings this week. John Mowry is doing the concrete work.

Mrs. Anna Slack and Miss Minnie Bowman of Quitman came down Friday night and put on installtion at the Rebekah hall and the following officers were elected: Noble Grand, Belle Graham; Vice-Grand, Ida Adkins; Warden, Minnie Sipes; Conductor, Mary Mowry; Chaplain, Stella Elliott.

Stock Shipments—From July 1, 1921 to July 14, 1921: Will Rowlett 1 car hogs; Alf Rowlett, 1 car hogs; E. Rowlett, 1 car hogs; John Crist, 1 car hogs; C. C. Zapf, 3 cars cattle and 1 car hogs; Chas. Hodgin, 1 car hogs; A. W. Collison, 1 car hogs; Nelch & Duncan, 1 car hogs; C. E. Wright, 1 car hogs; A. H. Goodpasture, 1 car hogs.

Burlington Junction Post.

T.A. Corken lost a horse valued at $250 Saturday, as the result of eating new wheat. The animal, with three others, got into the field where wheat was being threshed, and ate some of the grain from a wagon while no one was present. All four animals became sick, the most valuable one of all dying.

The Sanitary Supply Co. of Omaha, Nebr., has a large force of men at work this week on the preliminary work for the installation of the school's new heating and water plant. A great deal of the material has arrived, and the work will be completed within a few days, judging from the progress that is being made this week.

Interest in the week-day baseball is increasing in Burlington Junction, and plans are now under way to organize a Legion team, which will meet other organizations in the community in games on week days. No Sunday games will be played.

Members of the Rolla Dicks Post believe they have the material from which to form a good ball team, and after a little practice they will be ready to meet all comers in the strictly amateur class.

It is now an assured fact that Quitman has a real ice plant, and they are now turning out the frozen aqua in nice big chunks and it is of the best quality.

Quitman Chautauqua dates are for August 7 to 11 inclusive. The program will be furnished by the Jones Chautauqua System.

Miss Viola Yates, daughter of Mr. and Mrs. Frank Yates, sustained a compound fracture and dislocation of the ankle as the result of a fall from a rope swing Monday. The accident occurred when the rope broke.

Wes Miller is suffering with an infected hand this week as the result of a slight injury a few days ago.

Guilford Times.

A marked and improved trail across country from Stanberry, through Guilford, Barnard, Graham, to Maitland would be a fine thing for all concerned and a big help to the "from farm to market" road agitation. Also a trail from southeast to northwest thru Guilford would be a desirable and logical thing. As it is we have no marked trail or roadway and as long as this is true we stand little show of ever getting the benefit of state or federal aid in road building. Our township board can do a good work by working up such matters. A northwest-southeast trail beginning at Elmo or beyond, extending through Burlington Junction, Wilcox, Maryville, Bedison, Guilford, Whitesville to King City would make a fine route and put us in better connection with the county seat and besides would connect and benefit small towns instead of building feeders for St. Joseph and other large towns which is the scheme of the cities to make all the country within a radius of seventy-five miles their own retail trade territory letting the country and small towns build the roads and the cities profit by it.

The Maryville Chamber of Commerce is willing to send down a delegation to Guilford to help us organize a Chamber of Commerce. Let the Guilford business men get behind a proposition like this and make it a go.

Guilford's shipments for 1920 include —Cattle 40 cars, hogs 67 cars, sheep 13 cars, horses 1 car, wheat 23 cars, hay 2 cars, walnut logs 4 cars, cases of eggs 2222, green hides 4,000 pounds.

The Barnard Bulletin.

What is the record in age for a hen is perhaps found in the history of a Rhode Island Red biddy which died Tuesday after fourteen years of usefulness. The hen belonged to Mrs. Wm. Rhoads. The way the age was determined is from the fact that she was brought from a farm to the Rhoads home that many years ago. Another hen brought in at the same time died at the age of seven years, according to Mr. Rhoads.

W. F. Bolin announces in this paper this week that he will open the Hotel Bolin in Barnard on Monday, July 25. Hotel Bolin has been closed as an eating place since Bolin purchased it more than a year ago. However, it has been open for lodging all the time. Beginning Monday, the place will open with a big dinner and will no doubt give excellent service as a hotel. New dining room fixtures, flooring and decorations have been added this week and Bolin plans to have the establishment up-to-date in every respect.

Barnard is to be amused by a company of its own prominent citizens. Six men have purchased a merry-go-round and will operate it this summer at the picnic. The company is composed of the following: Clay D. Burns, L. B. Campbell, T. E. Cook, Jim Mendenhall, John Goforth and J. G. Skidmore.

It is said that a fair distribution of the labor connected with the operation of the merry-go-round is to be observed by the company. This seems to mean that the jobs will be distributed about as follows: Clay Burns' place will be at the box in front of the machine, where the women and kiddies are parted from their coin for a few minutes ride which will produce that dizzy, pleasant sensation. L. B. Campbell is slated for a position near the box office and his duty will be to assist the young floks to step onto the wheel of delight, to a position on a horse or in the Lovers' Tub where they will be safe from danger. J. B. Goforth is to have the job of erecting the machine and after this work is done will spend the time ballyhoing for business. Tom Cook, we understand has been assigned to a position as organ grinder and clown in order that the youthful patrons of the company will be properly amused. J. G. Skidmore is said to have been assigned to the job of booking up places where picnics and fairs are to be held and buying the concession rights. Jim Mendenhall has the enviable position of engineer and is expected to keep the merry-go-round going round all day and half the night without a stop. So it's —"Step this way, lady." "Tickets, please." "Perfectly safe. Yes, we'll see that no harm comes." "How many? Yes, six for fifty cents," all to the soft, harmonious tunes of the merry-go-round organ playing "Red Wing," "Oh Jonny!" "Sweet Adeline," and the like.

M. L. Griggs has the distinction of having the best oat yield we have heard of this year, having secured 33 1-3 bushels per acre from a field of 25 or more acres. The field is on Walter Schmidt's land.

Mr. and Mrs. Elba Hagan and daughter, Mr. and Mrs. Charles Dempsey, Mr. and Mrs. Fred Daniels, Mrs. Mabel Gillett, all of Barnard and Sheriff and Mrs. Roach and Mr. and Mrs. I. E. Tulloch and children of Maryville are planning on an outing to the Clarinda park and lake Sunday.

Tuesday morning considerable excitement was shown at the home of Mr. and Mrs. Fred Stalling when little Alberta Taubman, who is visiting there was given the wrong kind of medicine. A "chigger" lotion, composed partly of carbolic acid, was given the child by mistake. She became ill and the error was discovered but she has felt no bad effects aside from a temporary illness.

Roxie Hocker of Guilford, who suffered three strokes of paralysis last week in one day and whose condition was critical for a time, is reported to be greatly improved at this time.

Maxie Phillips, 13 year old son of C. C. Phillips, suffered a dislocated arm Tuesday. Maxie lives with his mother in Maitland. He was practicing to be a high hurdler and jumped over a tennis net when his toe caught, throwing him down and dislocating his arm. The accident happened on his 13th birthday anniversary.

Some REAL Bargains in New Tires

These tires are priced away below the present market.

An over-stock in certain sizes and the necessity of turning this stock into cash at once is responsible for the manufacturer making these low prices.

This stock is limited, in some sizes, only 3 or 4 tires. If you can use any of the sizes quoted here, you will save money on these tires.

These prices good only while stock lasts.

OLDFIELD TIRES

These tires were taken right out of first grade stock and branded "Seconds." They are big, strong, sturdy tires, and worth much more than the prices quoted here. You will have to see these tires to appreciate them.
